FOREWORD

To have the opportunity to study abroad is a life-changing experience. Rotary youth exchange provides this opportunity. Those who have this opportunity come back from their exchange more independent, more confident and more eager and able to take on any future challenge, academic, professional or personal.

They;

- Gain in self-confidence
- Gain independence and maturity
- Gain a global network of friends
- Gain a better appreciation of other cultures as well as their own
- Gain an understanding of their own personal strengths and weaknesses

Why?

- They chose to be removed from their comfort zone to be in a foreign environment
- They chose to be exposed to new traditions and social customs
- They chose to have to learn to speak the language of the host country

Studying abroad is full of many amazing experiences, from learning a new culture and language to making new friends from diverse ethnic and national backgrounds. Students choose to participate in exchange programs for the learning opportunities they provide. They then learn to analyse the things around them in a constructive manner and learn how to solve problems on their own.

While adding to a student's education is very important, students who participate in exchange programs also benefit on a personal level by having the opportunity to discover themselves in a place that is unfamiliar to them, living outside of their comfort zone. They develop self-awareness and self-esteem in a manner that cannot be duplicated. These students learn the ability to confront social challenges outside of their comfort zones and deal with problems head-on. Also, exchange students must learn to live in their host families' households, and this increases the value they gain from a new culture.

Students who participate learn skills that will stay with them for the rest of their lives. Once they have finished their education to seek employment, there is no doubt that employers will look favourably upon those who have travelled with such a program. The social changes that take place in exchange students are remarkable; they are often more flexible in any 'foreign' situation, whether this means taking a new job, embarking on a new course of study or speaking publicly in front of their peers.

Rotary youth exchange is the best of the best of Rotary's youth development programs. It can only be as successful and as valued as it is because of the personal commitment of the students, their families and all of those in Rotary who are facilitators of the program through being counsellors, host families, club supporters and members of the district youth exchange committee. In Rotary we have so many who contribute in these ways. To maintain and grow the program we need more of these people. In the past have you worried about being outside of your own comfort zone hosting a student? Have you thought that your age or family structure was some limiting factor?

It could be you, your extended family, your friends and work colleagues who will help us provide more opportunities for everyone who wants to be involved.

ACKNOWLEDGEMENTS

This document is a combination of information from the guidebooks of other Rotary district youth exchange programmes. We appreciate the hard work that has gone into producing these documents.

As always we welcome suggestions, criticisms (constructive) or any other comment from Rotary clubs, student counsellors, host families, exchange students and those who use this handbook. Such assistance will ensure that the strength and well being of the Rotary exchange programme is constantly being reviewed for the betterment of its participants and supporters.

ROTARY INTERNATIONAL

Rotary is a worldwide community service organization of professional and business people who contribute to building better communities. There are currently more than 1.2 million Rotarians, across more than 34,300 Clubs in more than 200 countries worldwide. The Rotary Club of Melbourne was the first Australian Rotary Club chartered in 1921.

Rotary Youth Exchange Victoria consists of 5 of 21 Rotary Districts in Australia and the Australia-wide membership exceeds 32,000 spread over more than 1,100 Clubs.

SERVICE ABOVE SELF

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

The development of acquaintance as an opportunity for service.

- High ethical standards in business and professions, the recognition of the worthiness of all useful occupations and the dignifying by each Rotarian of his occupation as an opportunity to serve society.
- The application of the ideal of service by every Rotarian to his personal, business and community life.
- The advancement of international understanding, goodwill and peace through a world fellowship of business and professional men and women united in the ideal of service.

These are expressed as the Five Avenues of Service - Club, Vocational, Community, International and Youth. Youth Exchange is a program of the Fifth Avenue of Service – Youth.

ROTARY AT THE LOCAL LEVEL - THE ROTARY CLUB

The 'personality' of each Rotary Club is a reflection of the community it serves and the membership of that Club. Most Rotary Clubs meet weekly. Some have a breakfast meeting while others have a lunch or dinner meeting.

Exchange Students often find that the Rotary Club hosting them will be very different from the Rotary Club sponsoring them, and both will be very different from other Rotary Clubs they may have the opportunity to visit during their Exchange year. Rotarians around the world all share the common philosophy for 'Service to Others', and as an Exchange Student, they are there to help provide a successful Exchange experience.

As with most organisations, Rotary Clubs are lead by officers who are elected by the membership for one year terms, beginning on July 1, which is the beginning of the Rotary year. The officers include the Club President, Secretary, Treasurer, Vice- President and/or President-Elect and Directors. Rotary Clubs participating in the Youth Exchange Program appoint the Student Counsellors. These Counsellors serve as the primary liaison between the Rotary Club, the Exchange Student and the Host families.

WHAT IS YOUTH EXCHANGE?

Rotary Youth Exchange is a country-to-country Exchange of high-school age young people. Students must be aged between 15 years and 17 ½ years, at the time of arrival in Australia, for a cultural and educational experience for both the student and those serving as hosts. The duration of the Exchange is typically 11.5 months with the students arriving around July.

OBJECTIVES OF THE YOUTH EXCHANGE PROGRAM

- To further international goodwill and understanding by enabling students to study first-hand some of the accomplishments and differences of people in other lands.
- To enable students to advance their education by studying for a year in an entirely different environment and take courses and subjects not normally available to them in their own country.
- To broaden the students' outlook by learning to live with and meet people of different cultures and by coping with day-to-day living.
- To act as ambassadors for their own country and Rotary, by addressing Rotary Clubs, schools, community organisations and youth groups in their Host Country and by imparting as much knowledge as they can of their own country and its culture to the people they meet during their time abroad.
- To study and observe life and culture in their Host Country so that they can pass on the understanding and knowledge they have gained to Rotary Clubs and the wider community in their home country, upon their return
- To further child safety as a key goal Rotary is committed to a policy of zero tolerance of child abuse or harassment.

THE ROLE OF THE ROTARY DISTRICT AND YOUTH EXCHANGE COMMITTEE

- Rotary Youth Exchange is an exchange of students between one Rotary Club and another in different countries.
- Conduct and administration of the Exchange Program is the responsibility of each participating Rotary District under the authority of the respective District Governor.
- All Rotary Districts participating in the Youth Exchange Program agree to comply with Rotary International guidelines. This responsibility is delegated in Rotary Districts to the District Youth Exchange Committee.
- To assure a complete understanding of the District's rules, regulations, and guidelines, the District Youth Exchange Committee provides a comprehensive orientation to our Inbound Students shortly after their arrival.
- The Youth Exchange Committee establishes and maintains communications with the Inbound Students both before their arrival and during their year here, and also with the Outbound Students we are sending overseas.

The District Youth Exchange Committee is a valuable resource for both you and the Exchange Student, and its members are familiar with the conduct of the Exchange Program both here and in the country your student is from. Feel welcome to contact any member of the Committee anytime you have a question or need help with a problem.

THE ROLE OF THE HOSTING ROTARY CLUB

The local Rotary Club provides another level of support to you, the Host Family, the student, and the Exchange Program.

- Rotary Clubs will appoint a Student Counsellor. This person serves primarily as an advisor and advocate for the student, but should certainly also be in contact with the Host Family on a regular basis, and be available to answer questions or direct Host Parents to the appropriate resource when needed.
- The Exchange Student should be encouraged to attend the weekly Rotary meetings and be involved in the hosting Club's Rotary events.
- The Hosting Club provides the Exchange Student an allowance of a minimum \$120 per month.
- This is to be used for incidental personal expenses, entertainment, etc. Through the Rotary-provided allowance and parental resources, Exchange Students are expected to be financially self-supporting in terms of personal expenses, clothing, entertainment, and travel when not part of a Host Family event.

All Exchange Students experience phases of elation, anxiety and depression. One or more of these phases may be experienced at the time of the selection and application process. Various phases will then continue even after the student returns home. It is important that this be anticipated and calmly accepted and dealt with.

The best method to resolve each occurrence is to keep the student busy and remember that all the Exchange Students before them, with them and who follow them, will experience similar circumstances.

Counsellors and Host Families need to know that Exchange Students will experience these phases and should not be alarmed. They should be ready to help the student work their way out of the down cycles.

The time necessary to work through each phase is not predictable and will depend on the student and the circumstances.

GENERAL SUPPORT STRUCTURE

WHEN AN ISSUE ARISES FROM SCHOOL

Host Parents

- Should be made aware of the issue by the student or the school.
- They then should attempt to resolve the issue.
- If unable to resolve, then contact the Student's Counsellor.

Counsellor

- Should attempt to resolve the issue.
- If unable to resolve, then contact the Country Coordinator and Host Club President.

Country Coordinator and Host Club President

- If still unable to resolve the issue, contact District Youth Exchange Chairman.

District Youth Exchange Chairman

- Chairman works with the Club president and consults with District Governor if unable to resolve.

WHEN AN ISSUE ARISES WITHIN HOST FAMILY HOME

Host Family/Student

- Need to openly and calmly discuss any issues, which may be upsetting the family unit.
- If unable to resolve quickly, speak with the Counsellor.
- Counsellor may suggest other Rotarians take student for a 'break'.

Counsellor

- If still not resolved deal with the problem immediately – do not let it go on.
- Country Coordinator and Host Club President are to be notified.

Country Coordinator and Host Club President

- If still unable to resolve, contact District Youth Exchange Chairman.

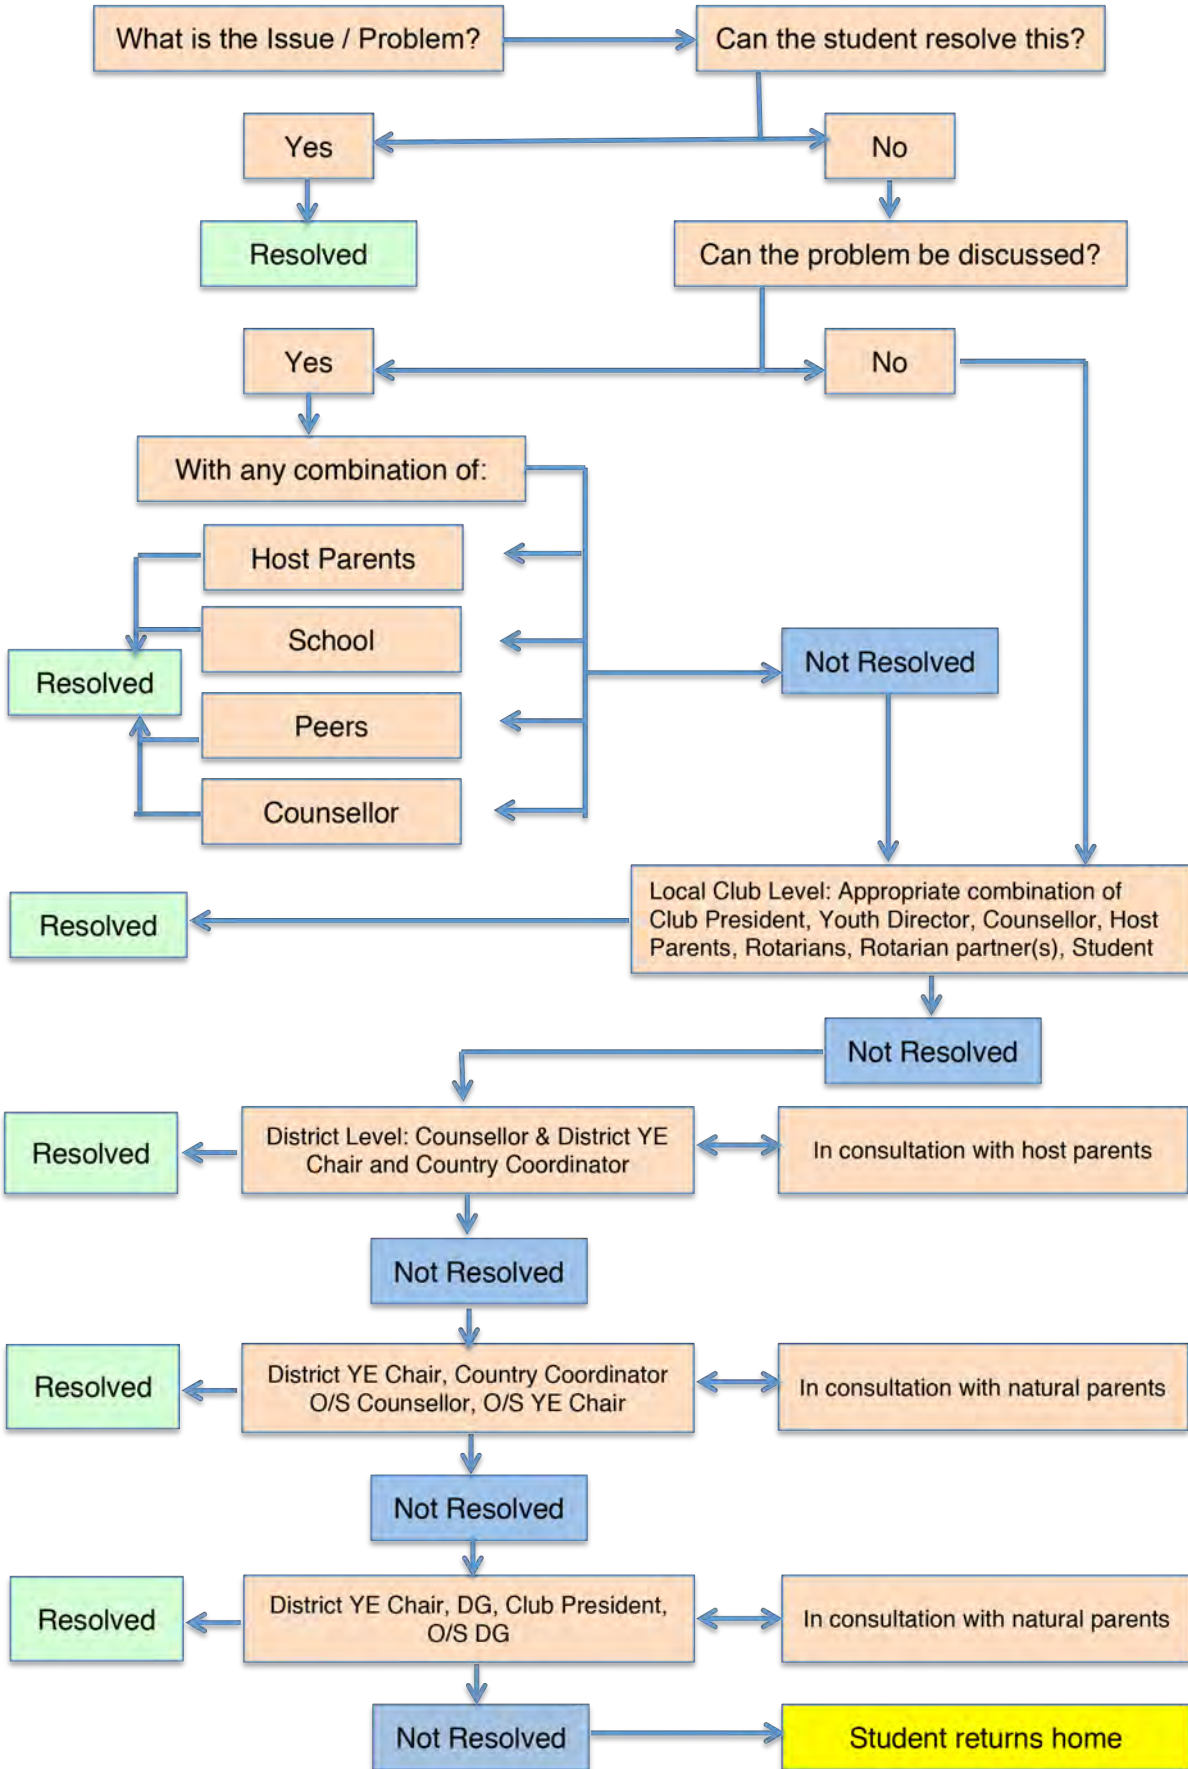

District Youth Exchange Chairman

- Chairman consults with District Governor if unable to resolve.

During the entire resolution process, counterparts in the student's home country are often informed of the situation. The District Youth Exchange Committee works very hard to ensure fair and proper resolution.

As a last resort, students may be sent home at the direction of the District Governor.

ISSUES AND PROBLEM RESOLUTION PROCEDURES

HOST FAMILY RESPONSIBILITIES

COMMUNICATION WITH YOUR STUDENT

Establish a clear understanding of expectations soon after your student arrives. Your student will have some questions to ask you by ensuring that you and your student address the following questions, which your student may have:

- Would you prefer that I call you by your first name or by another name?
- I will make my bed, keep my room tidy at all times and clean the bathroom after I use it.
- What else should I do regularly?
- What are normal meal times?
- What is the normal daily routine for the household?
- Discuss any dietary requirements that you may have and work out suitable alternatives.
- Do I have a permanent job at meal times – lay or clear the table, wash or dry the dishes, empty the rubbish?
- May I help myself to food and drink (within moderation) or should I ask first?
- What are the arrangements for school lunches?
- What are the laundry arrangements? Where should I put my dirty clothes?
- Should I do my own washing and ironing?
- Where can I keep my toiletries? May I use family soap, shampoo or toothpaste?
- When is the most convenient time for me to use the bathroom?
- Are there any water restrictions?
- What areas of the house are private?
- Do you have any dislikes that I should avoid?
- What times should I go to bed and rise in the morning?
- Is this different for weekends?
- May I use the stereo, TV, DVD, computer, sewing machine or workshop tools?
- Can I go out during the week? At weekends? Under what conditions?
- What are the responsibilities of house employees? (if there are any) How should I address them?
- May I have my own pictures or posters in my bedroom?
- Where should I store my luggage?
- If I have a problem getting home, I will phone you. If I am going to be late I will phone you within 30 minutes. Is that acceptable?
- May I invite friends around during the day, to stay the night or for a weekend?
- What are your expectations of me if I use the home phone?
- What postal address should I use for incoming mail?
- Should I use public transport to and from school, to the city, for outings at night and during the day?
- When and how are birthdays of Host Family members celebrated?
- Are there any other special or festive days you observe?
- If I have a problem, how would you like me to handle it?
- Explain to your student that he/she is a member of the family and not a guest while staying with you. He/she is expected to do chores, accept duties and participate in family activities along with everyone else. He/she is not on vacation or a visitor, but is here to participate in the culture of Australia.
- Explain to your student that he/she is expected to attend Rotary meetings regularly (most Clubs meet every week). Organise transport with other Rotarians if you are not able to take him/her.
- Please treat your student as you would your own child regarding school activities and if you have any problems with your Exchange Student not attending school/school activities, please speak with the Counsellor or Country Coordinator immediately.
- Discuss schoolwork with your student, your student's teachers, and school officials if academic or social problems are becoming apparent. Please attend parent- teacher interview sessions at the student's school.

- Encourage your student to get involved in Rotary activities, school extra-curricular activities, sport, community activities and family activities. However, be aware that these may be new and unfamiliar to your student, and could also be very 'different' from those activities he or she was involved in back home. If you sense that your student is bored and reluctant to participate in available activities, it may simply be because no one has asked him or her to join in.
- Assist your student to get to know as many Club members as possible.
- Help your student become acquainted with other Host Families he/she is scheduled to stay with so that the transition will be easier when the time comes. If you are not the first Host Family, understand that your student and earlier Host Families may want to maintain contact as well. Students will generally stay with four families for 3-4 months each.
- Try to learn as much as you can of the customs of the student's home country. Too much freedom may be bad for a student who comes from a restrictive society. Likewise, too much restriction may be bad for a student who comes from a more lenient society. Often you will just have to play this by ear and do the best you can. For the most part, these students are good, reasonably mature, level-headed representatives of their countries and can be trusted
 - but they are also just teenagers!
- Make sure you remember your student's birthday. It is often around this time that students feel really homesick and miss their families.
- Explain to your student that it would be in their interest to attend any special opportunities, trips, cultural or social events that you or other Rotarians may ask them to, in order for them to make the most of their Exchange.
- From time to time ask your student if he/she is writing to his/her family and also sending in monthly reports to his/her Rotary District and Sponsor Club.
- Do not hesitate to ask for help from your Student's Counsellor, local Rotary Club, or members of the District Youth Exchange Committee if you have questions, concerns, or issues of any kind

ONE HOST PARENT GOES AWAY

If one Host Parent is to go away from home for a period of time e.g. a weekend/business trip/holiday and the Exchange Student is of the opposite gender to the remaining Host Parent and there are no siblings living in the home at that time, Host Parents should discuss accommodation arrangements with the Counsellor and student.

BEING THE FIRST HOST FAMILY

While being 'first' often provides the greatest challenges for dealing with things like language difficulties and cultural differences, it also provides the opportunity to form a lasting emotional bond with the student that can continue after the student moves on to subsequent Host Families.

The first Host Family will have a huge impact on the student and how he or she copes in, what is, the most challenging period of their Exchange

Once your student has moved to the next Host Family, maintain contact without undermining the development of relationships with the next family. Inviting your student to share special family events, like birthdays, will reinforce the relationship you developed earlier, and will usually be welcomed by the current Host Family, just as you welcomed others' invitations to the student when part of your family.

BEING THE SECOND/THIRD HOST FAMILY

By this time the student has usually overcome home sickness, begun to understand the language, has hopefully settled into school and made new friends.

This is often a time when students prove they are typical teenagers and may try to push the boundaries – just like our own teenagers sometimes do. Do not be frightened to say "NO" to your Exchange Student.

Check and confirm departure date with the country coordinator about February.

BEING THE FINAL HOST FAMILY

Being the Host Family at the conclusion of the Exchange year could involve dealing with many of the same emotions the student had upon arrival, but this time caused by the realisation that the 'familiar' is now our culture, and the 'unknown' involves returning home.

A sign of a successful Exchange is the student's reluctance to go home, and we wouldn't want it any other way!

The following points are important for the final Host Family:

- You will need to help your student prepare to go home.
- Confirm the departure date with the Country Coordinator.
- Make sure, through the Country Coordinator, that return dates have been confirmed and that the reservations have been booked.
- Check well in advance with the Counsellor that the student's passport and tickets will be available when required.
- Help the student with packing and luggage.
- Students may need to send possessions home via surface mail to ensure they meet airline weight requirements.
- Ensure the student has finalised any financial obligations with anyone – please note that students are told they must never borrow money, but we need to make sure all financial obligations have been finalised.
- Ensure the Counsellor and the student (joint signatories) have withdrawn the \$400 emergency money, closed off the bank account and the full balance of the account refunded to the student.
- If the student has been provided with a 'loan' mobile phone, make sure it is returned to the owner and there are no outstanding costs.
- Make sure appropriate arrangements have been made regarding school uniforms, books, calculators - i.e. they may need to be returned to the second-hand shop at school or given back to the Rotary Club for recycling. If the student wishes to take them home they need to pay for them.
- The Rotary Club should plan a farewell event involving all Host Families, the Student's Counsellor and Club members.
- Allow the student time in their final days of Exchange to say goodbye to the many friends they have made during the past year.

ADDITIONAL INFORMATION FOR HOST PARENTS

Tips for your student to stay safe: Your student will have these tips in "Handbook For Inbound Exchange Students", but it would be good for you to go over these tips with your student and encourage them to ask about anything they are not sure of:

- If you have a problem or are worried about something, always tell an adult you trust about it, such as your teacher, counsellor or current or recent Host Parents. NEVER suffer in silence!
- Pack your own suitcase and never carry items overseas for people you don't know well. Take care that you do not act as a drug courier for someone else, on purpose, or by accident.
- Tell your Host Family where you are going and what time you will be home
- If you have a mobile phone, ensure that it is fully charged at all times you are away from home.
- Look out for anything that might hurt or threaten you or anyone in your group and tell someone responsible.
- If you are out at night in the centre of town, make sure you are near streetlights.
- Wherever you are, make sure that you don't get separated from your friends.
- If you need to use a public toilet, go with a friend.
- If you do get lost or separated go to a shop or place where you will be seen by lots of people to ask for directions.
- If someone you don't know talks to you, just walk away.
- Have the details of your accommodation on you, whether it's your Host Family's address and telephone number or hotel or campsite details.
- Keep enough money to make a telephone call.
- Keep your money hidden in an inside pocket, bum bag, concealed money belt or something similar – choose whichever is comfortable for you.

- Arrange for someone to pick you up at night unless you can take public transport where you are amongst a sizeable group of people.
- Make sure you know the person who is coming to pick you up. Never get into a car unless it is with this arranged person.
- If you are on a bus and someone makes you feel unsafe, move to a seat near the driver.
- Dress and behave sensibly and responsibly.
- Be sensitive to local codes and customs.
- Think things through carefully before you act and do not take unnecessary risks.
- Always look and behave confidently.
- Carry the telephone numbers for the emergency services in Australia and keep them handy.

ROTARY PROTECTION POLICIES

Clubs, in particular Host Clubs and Club Counsellors should be mindful of these Protection Policies, as they apply to the Youth Exchange Program. The District Protection Officer and Committee will assist clubs and relevant District committees to enforce the District Protection Policies. They will provide appropriate training for Club Protection Officers, club leaders and members, as required. For further guidance speak to your relevant Host Club and/or check the District website for the Protection Policy. Rotary requires all volunteers who work with children including all members of host families over the age of 18 years to sign a Volunteer declaration Form and Code of Conduct

WORKING WITH CHILDREN CHECK Victoria

The Working with Children Act 2005 requires that people, who work or volunteer in child related work, must hold a current WWC Check. It aims to strike a balance between protecting children under 18 years of age, promoting volunteering and safeguarding the rights of individuals.

As of 1st July 2008, all volunteers who work with children must hold a current Victorian Government 'Working with Children Check' which is an obligation under the Working with Children Act 2005.
www.justice.vic.gov.au/workingwithchildren

Medical Insurance

The cost of any medical treatment is the responsibility of the student and his/her natural parents. Host Parents are not expected to pay any medical expenses. Students should have the financial ability to pay for any medical expenses at the time provided, and will then claim them back from their insurance provider. However, as Host Parents, you are asked to make arrangements for medical treatment when necessary, as you would your own child.

Whilst it is important to respect the privacy of your Exchange Student, common sense should prevail as to who is made aware of medical conditions. Serious illnesses or injuries must be made known to the Counsellor, Country Coordinator and Youth Exchange Chairman immediately.

Overseas Student Health Cover (OSHC)

The student has had to purchase Overseas Student Health Cover (OSHC) as a condition of applying for the visa and is covered from the time of arrival. Regardless of whether or not the students have the card, they are covered.

- OSHC provides the same coverage for the students as Medicare does for Australians.
- Ambulance costs is only covered in part under the (OSHC) policy so the student must have singles Ambulance cover..
- If there is no bulk billing the student must pay for medical visits and then claim back the refund from the OSHC and their travel insurance.
- In the event of an emergency requiring immediate attention, treat the student as you would your own child.
- Contact the District Committee as soon as possible.
- Inform doctors/hospital staff that the child is an Exchange Student.

- The Student Club Counsellor has been requested to have the student included as a family member in an Ambulance subscription. This could be in any family within their Rotary Club, including one of the Host Families. There is no additional cost. (Please ensure that this has been arranged).

IMPORTANT RULES FOR YOUR STUDENT

Your student will already have knowledge of these rules as they are outlined in the Student Handbook. However, it is important for the Host Parents to regularly discuss and reinforce these rules, if necessary:

ALCOHOL/SMOKING/DRUGS

- Underage drinking of alcoholic beverages is expressly forbidden. Students who are of a legal age should also refrain at public gatherings. If the Host Family offers a student an alcoholic drink, it is permissible to accept it under their supervision in their home.
- Smoking is discouraged.
- With the exception of prescribed medication use of any drugs is not permitted. Use of illegal drugs would result in immediate repatriation (if not imprisonment!).

DRIVING

- The student is not authorized to operate a motorized vehicle of any kind on a public road or participate in driver education programmes. This will make the student's insurance cover void.
- A Rotary Exchange Student is not permitted to be a passenger in a motorised vehicle when a learner driver is in control of that vehicle. Please discuss this with both the Exchange Student and each of the Host Families to ensure everyone is clear about this.
- A Rotary exchange student is not permitted to be a passenger in a motorised vehicle when a "P1" driver is in control of that vehicle. The student may be a passenger in a motorised vehicle when a "P2" driver is in control of the vehicle but limited to travel within the immediate area of the community in which the Youth exchange student resides

USE OF HOME TELEPHONE AND INTERNET

- The student must pay any costs incurred by the student. The student is responsible for any telephone, computer costs, or Internet charges they incur, and Host Parents should decide in advance, how the student would pay for such usage when it is permitted. It is a privilege, not a right, for the student to use the home computer. Host Parents must make sure there is a mutual understanding of this usage.

USE OF MOBILE PHONES

- If a student does not wish to use his/her own mobile phone and wants to purchase an Australian one they are expected to pay for it themselves. In the first 2 weeks the Counsellor may help the student with their selection and purchase of a phone and a pre-paid start up kit where credit can then be replenished as required to suit the needs of the student.

TRAVEL

- Unauthorised travel is forbidden. Depending on the travel destination, if the student wants to travel outside the District including with host family prior permission must be gained from their Host Parents, Counsellor, Country Coordinator or Chairman and/or their natural parents/guardians. See Travel Guide and Travel Request/Approval Form attached and on the district website

TRAVEL INSURANCE

- Ensure that you are familiar with your student's travel insurance, so that when required you will be able to assist with claims. The Country Coordinator will have checked that the student's insurance meets the minimum guidelines required by Rotary Youth Exchange Australia and recommended by Rotary International for Youth Exchange Students.

STUDENT ALLOWANCE

- The Hosting Club provides the Exchange Student an allowance of a minimum of \$120 per month.
- This is to be used for incidental personal expenses, entertainment, etc. Through the allowance provided by Rotary and parental resources, Exchange Students are expected to be financially self-supporting in terms of personal expenses, clothing, entertainment, and travel when not part of a Host Family event.

ABUSE OR HARASSMENT

- It is important to emphasise to your student that abuse or harassment must not be tolerated. He/she should talk to their Counsellor and/or the Host Parents or other trusted adults if they encounter any form of abuse or harassment whilst on their Exchange.

FAMILY VISITS

- You may need to reiterate with your student that visits by natural parents/guardians, or adult siblings are subject to prior approval. Such visits, if they are to be arranged, may only take place with the Host Club's and District's consent and within their guidelines and, preferably, in the last 3 months of the Exchange.

RETURN HOME

- Ensure that your student is aware that he/she must return home to their country directly by a route mutually agreeable to their Host District and their parents/guardians.
- Luggage Allowance: Check with the specific airline via their website. If in doubt, the following should be adhered to: 20kg luggage and 5kg hand luggage limit. This may save the student some very costly excessive baggage charges.

THE ROLE OF THE EXCHANGE STUDENT

- Above all else, we expect the Inbound Students to be involved in their new family, involved in their school, involved in the community in which they now live, and involved in Rotary. To do this successfully, most Exchange Students must do two things:
- Learn to communicate in English
- Learn to adapt.
- Your job as Host Parents is to ensure the student's participation and assist them in adapting.
- Remember, their culture is likely quite different and learning to 'fit in' and get comfortable in Australia can be a challenge – please be patient!

LEARNING ENGLISH

- Most students arrive with some understanding of the English language, and some can speak and understand our language well, having studied English for several years in school. For some, considerable effort will be needed on their part to understand the English we speak, which is often different than the English they were taught in school.
- The student must practice, by engaging in real conversation. Reading and writing our language is necessary to develop true proficiency.
- Some Host Families label objects around the house, which can be a fun activity. You can help by asking questions that require more than "yes" or "no" answers, having patience when communications are not clear, and consciously speaking slowly and clearly, with frequent checks for understanding.
- Most students will have a dictionary close at hand. If something is not understood by the student just repeating it slower and louder does not help them to understand.
- Think of other words, other phrases, complete sentences and non-truncated words to use and try to minimise slang so the student understands.
- Exchange Students often 'pretend' to understand because they believe they are 'expected' to understand – again, please be patient with them.

LEARNING TO ADAPT

The Host Family will need to encourage and help the student to adapt by being willing to:

- Try new things.
- Do things differently.
- Accept that our cultural differences are neither 'better nor worse' simply different.

The Host Family also needs to adapt and sometimes after the initial excitement wears off, hosted students can be irritating to their host brothers and sisters and host brothers and sisters can be irritating to the hosted student. Host Parents need to deal with a situation such as this with mutual care, sensitivity and guidance to all concerned.

Please remember: The Exchange Student is a child in a new country with a new family.

THE ROLE OF THE STUDENT COUNSELLOR

The following is intended to present Host Families with the responsibilities that the Counsellor has towards the Inbound Student. This should then assist to provide a clearer picture of the student's duties. However, Host Parents are often expected to collaborate with the Counsellor for various things and are also encouraged to contact the Counsellor whenever they need help with their student.

BEFORE THE FIRST HOST FAMILY THE COUNSELLOR WILL:

- Enrol the student in school and will assist in selecting a course of study for the student.
- Set up a bank account for the student's personal use.

GENERAL INFORMATION:

The Counsellor will arrange for the student to make presentations about his/her country and the experience of being an Exchange Student, to various community groups, e.g. Rotary Clubs, school assemblies, senior citizens, etc. A student's counsellor cannot, at the same time, be a Host Parent to that student. In circumstances where a counsellor is required to be a Host Parent for a short period of time, an alternative counsellor must be appointed for that period and the student notified in writing, including all contact details.

The Counsellor will learn what interests your student has and what outside interests/contacts the Club members have. He/she will then set up various experiences for your student in concurrence with the Host Families. Examples could be:

- A weekend on an operating farm
- Theatre or dance performance
- A symphony or concert
- A sporting event
- Museums, art galleries
- Visits to historic sites
- Visit to the State or National Capital
- Visit to a court in session
- State or country agricultural shows
- Camping or fishing trip

SCHOOL

- The Rotary Club should make the decision as to which school the student attends in close consultation with the Counsellor who will then liaise with the school.

SCHOOL EXPENSES

- No school fees are to be incurred by the Host Families. The Club will not put the Exchange Student into a private school unless school fees have been waived.
- If the student insists on having new uniforms they may be asked to purchase the articles themselves. The same applies to schoolbooks, where second hand books should be purchased or borrowed whenever possible. Most schools will assist wherever they can. Be careful that demands to have everything new are not coming from the student. In conjunction with the student's Counsellor, check this with the school.
- Public transport costs are always the responsibility of the Host Club. Host Parents should never incur travel expenses.

ADMINISTRATIVE PROCEDURES:

Please understand that many of the following points are listed only so that you can check to be sure that procedures have been followed, not because it's up to you to do all these things:

- The Counsellor should act as the student's legal guardian for signing and receiving all official documents - including school enrolment, subject selection, school reports, and the student's compulsory "emergency" fund.

- The Counsellor should have a duplicate copy of the student's application in his/her your possession. This can be obtained from the Club's Youth/International director or, if need be, from the student's Country Exchange Officer.
- Whenever the student changes homes, details of the new Host Family and their contact information must be coordinated with the Counsellor who will forward the information to the District Country Coordinator. This is critical. The District Committee must have accurate, up- to-date information as to how to contact the Students/Host Families at all times.
- The Counsellor will make sure that the student receives the monthly allowance from the Club on arrival and at the same time each month.
- The Counsellor will check with the school on a regular basis to see how the student is doing and discuss with the Host Families any issues that need to be attended to.

WHAT PAST INBOUND STUDENTS HAVE SAID

Madara Möhlmann (Germany)

Due to the Exchange year I have understood how big the world is and experienced how small it can be once you know a handful of people...who know a handful of people...who know a handful of people...who know someone who you know from home.

The Exchange year showed me the importance of international communication, concerning the dialogue between different cultures that differ from each other. It also showed me that you don't have to be old and wise to act as an ambassador between those cultures. The age doesn't count as long as you have a strong personality and believe in yourself.

Rotary made me understand how useful it can be having a network of international relationships. And my Exchange showed me that I could also make friends out of these relationships who might accompany my whole life. Our global world offers us many opportunities to connect with each other and share our information to get help from other people and also help them.

Kirsten Høgholt (Denmark)

What is the definition of Youth Exchange when looking back at my year as an Aussie? I don't think there is a definition. Being an Exchange Student is the beginning of a new lifestyle. The connections you create worldwide are gold when you later on travel around the world to catch up with friends. I will give this new lifestyle five out of five stars, but!!! There is a catch!!! You will get the travel bug! after Youth Exchange, you will have the personality and confidence to meet the entire world with a smile, and you will want to do so

So if you are keen on all boring things, lots of TV, sleeping all day long, having nothing to do, staying at home and not meeting new people, then this lifestyle is not for you. But if you want the year of your life, then get your but over the boarder and come to Aussieland!

Natalia Sabat (Brazil)

Living abroad is an opportunity to live experiences you would never have otherwise. It is the opportunity to learn about other cultures, other people and many other lifestyles we would have never imagined. Even more so through Exchange with Rotary, because we get to stay in more than one family (in some cases even 4) and we get to know more about a different lifestyle. I wanted to go on Exchange to Australia since I was 12 years old, so I had high expectations from my year and that was the main reason I persisted even when I was feeling homesick and tired. I wanted to discover more and more about Australia and even feel Australian. Today, three years after my Exchange I'm reaping the benefits from my year away, as I am fluent in English. I am not afraid to make new friends, talk in public and I have gained my personal independence. Exchange is a year away where we only get good things, and there are no regrets at all.

Alina Kemper (Germany)

Being an Exchange Student is one of the biggest opportunities a young person can ever get. By experiencing a new lifestyle and meeting new people, it can change your view of the world. You realise how small the world actually is and how we are all the same deep inside, no matter what country we are from or what language we speak. Rotary is opening these doors to let young minds develop in an amazing way and I am so thankful and proud to be a part of this.

Nayla Ventura (Brazil)

Being an Exchange Student it is not just going to a different country:

- Being an Exchange Student is to believe in myself.
- It is to learn to appreciate what I have.
- It is to (try to) take care of myself.
- It is to think that the world is mine.
- It is to feel independent, because I don't have my parents around me.

And so the time flew and I changed a lot both physically and mentally. Today I can see how I grew up. I grew up 7 years in this 1 year of Exchange. Because:

- I learnt to make decisions.
- I learnt that I can benefit from my mistakes.
- I learnt that making mistakes is acceptable.
- I learnt that difficulties do not need to be seen as problems, but as challenges.
- I learnt to respect people who are different compared to me.
- I learnt that true friends are still friends even when separated by distance.
- I learnt to think before speaking.
- I learnt that words can hurt.
- I learnt to listen more and talk less.
- I learnt that the family it is the most precious thing in anyone's life.
- I learnt to find something good in every situation.
- I learnt to control my emotions.
- I learnt that crying can mean not only sadness but happiness as well.
- I learnt to plan less and do more.
- I learnt to complain less and thank more.
- I learnt that nobody is perfect.
- I learnt that every day is the best day of my life.

Information for

Hosted Exchange Students and Parents

Conditions, Rules and Expectations

Rotary District 9810, Victoria, Australia.

District 9810 is part of the eastern half of the City of Melbourne, the Capital of the State of Victoria. It covers an area of approximately 1,000 square kilometres. The district abounds in many beautiful contrasts. It starts with bayside suburbs around Port Phillip Bay in the south east and wooded hill suburbs to the north east. It ends with mountains and lush rainforests at the start of The Great Dividing Range, mountains which run the entire east coast of Australia

CONDITIONS

TERM OF EXCHANGE:

The exchange is for a minimum period of ELEVEN months and will not exceed TWELVE months within the arrival and departure parameters advised separately.

TRAVEL TO AUSTRALIA:

The arrival point for students coming to District 9810 is Melbourne International Airport. Arrival where possible should be as part of a group of other exchange students. Details of flight and arrival times **MUST** be notified in advance to District 9810.

RETURN HOME:

The student will return home on the date and by the route arranged by the District 9810 Youth Exchange Committee. There will be no discussions on variations except in the case of death or severe illness in the student's family.

NATURAL PARENTS:

Natural parents or guardians have several responsibilities to ensure a successful exchange. These include providing a caring support of the student without becoming too demanding. Parents must ensure that the student has sufficient financial support to provide for clothing, entertainment, personal travel and any other expenses, not covered by Rotary.

VISITS BY NATURAL PARENTS:

Visits by parents (and friends) are discouraged, especially during the first six months of the exchange. Past experience has shown that these visits may be disruptive and tend to upset students. Homesickness is often heightened by visits from parents or relatives.

If parents are proposing to visit, they **MUST** as a courtesy contact the host Club first, providing details of arrival and departure and any proposed itinerary. This will allow comment on the suitability of both the visit and the itinerary. Australia is a large country to travel and some local knowledge will be of assistance. Although a cordial reception can be expected parents should not expect any form of hosting or hospitality from Rotary. Parents should not expect unreserved access to their student, since the young person is in the care of the hosting Rotary Club.

EXPENSES:

The natural parents, guardian or student must provide;

- (a) Return airfare between home and the airport of final destination in Australia.
- (b) Return freight expenses of accompanying and non accompanying baggage.
- (c) All clothing and personal requirements of the student.
- (d) Miscellaneous personal expenses including all travel, souvenirs, gifts, postage and long distance telephone calls.
- (e) Contingency funds of not less than Aust.\$400 . This fund is to be used for emergency travel, clothing, unexpected major expenses and similar needs. On arrival this money is banked in the student's name and to safeguard against impulsive spending, the signature of the student counsellor as well as the student is required for withdrawals. The bank balance must be replenished as funds are withdrawn. This fund will be returned to the student shortly before the return home.
- (f) All insurance, as required and detailed below.
- (g) Any cost of medical treatment or other costs not covered by insurance policies.

INSURANCE:

Insurance is a most important requirement. It provides a safeguard against unforeseen expenses.

- (a) All students must have medical insurance as required by the Australian Government . This is Overseas Student Health Cover (OSHC). Proof of payment of this is required before a visa can be issued. The cost of this insurance is the responsibility of the student and must be paid for by parents.
- (b) Rotary International requires that all students have insurance cover for medical expenses and accidental death. Additionally, this insurance should cover personal accidents, disability, pre-existing illness, repatriation expenses, legal liability and loss of luggage. The policy should provide Worldwide Cover and offer a Free 24 Hour Emergency Helpline.
A general Travel Insurance Policy is suggested for this purpose. This insurance **MUST** be purchased in the home country **PRIOR** to departure, or by specific arrangement with District 9810. Coverage must be from the time of departure from home until the time of return home. Proof of this coverage must be forwarded to the host district **PRIOR** to departure.

HOST ROTARY DISTRICT (District 9810):

The District will provide a briefing on Rotary's expectations of the student. This briefing will occur shortly after arrival.

HOST ROTARY CLUB:

The host Rotary Club will provide;

- (a) Host families. There may be three or four host families. They will be Rotary approved but not necessarily Rotary members.
- (b) A Student Counsellor. You need to develop a friendship with your Counsellor. He or she is the person most important to the success of your exchange. You must get the Counsellor's approval for some activities.
- (c) Schooling at a school of its choice, school uniform, fees, books and fares necessary between the host family and school.
- (d) Expenses for any function or conference where the student is invited by Rotary including travel and accommodation expenses (excluding Safari).
- (e) A monthly allowance as agreed by RI, paid in advance each calendar month and to be used at the student's discretion.

HOST FAMILY:

The student is to become an active member of the host family, assuming any duties and domestic responsibilities normally expected in that household. The student must obtain the permission of the host family for various activities as determined and must accept any curfews or discipline imposed. The host family will provide all meals and living conditions as enjoyed by the rest of the family

RULES

SCHOOLING:

The student must attend the secondary school assigned by the Host Rotary Club. You are expected to take part in all school activities. Academic studies must be undertaken and are subject to regular reports by the school.

LAWS:

The student must obey the laws of Australia at all times.

ILLEGAL DRUGS, POSSESSION AND OR USE IS ILLEGAL AND NOT PERMITTED.

ALCOHOL:

The drinking of alcoholic beverages in public places or at any function or activity is not permitted. At the discretion of your current host family a moderate consumption of alcoholic beverages may be acceptable under supervision.

EXPECTATIONS

We are delighted that you are to be hosted in our district for your year as a Rotary Exchange Student. Your host Club and members of the District Youth Exchange Committee have certain expectations of you. Most of these are detailed in the preceding sections of Conditions and Rules.

During your year in Australia you will be an example for other exchange students. You will also be an ambassador for Rotary, your home country and most importantly yourself. It is for these reasons that we require your attention to all of these. Additionally, you may be expected to speak on a number of occasions to Rotarians, service clubs, youth groups and other organisations about yourself and your homeland. This is an opportunity to promote yourself as an ambassador.

Australia is a very large country with great distances between some of its more famous tourist attractions. In some instances an opportunity to travel to different parts of Australia may become available. This may be with your host family or other members of Rotary. However, do not expect this as it may not happen. If an opportunity is given to you, you are expected to offer to pay your share of any costs involved.

CENTRAL AUSTRALIAN TOUR:

Each year the District 9810 Youth Exchange Committee arranges a Rotary escorted tour to Central Australia. Although this is not compulsory, students are encouraged to participate in this. The cost of this tour plus personal spending money is the responsibility of the student.

The duration of the tour is between 2 and 3 weeks visiting places including Alice Springs, Uluru, Coober Pedy and other major attractions of Central Australia. You will be required to pay for this in advance to confirm your participation.

Finally, we generally will expect that you adapt yourself to our habits, we do not think that they are better than yours; we only know that they are different. The principal objective of the Rotary Youth Exchange Program is to promote better understanding and goodwill. With your assistance, and ours, the full purpose of the program will be met.

We look forward to your arrival and the completion of a successful year of exchange with Rotary District 9810.

DECLARATION;

We the undersigned, affirm that we have read and do clearly understand these Conditions, Rules and Expectations of the District 9810 Youth Exchange Program and that we agree to be bound by these Conditions, Rules and Expectations.

Please sign all copies and return one copy of this declaration to District 9810 as required.
