

MUNA – Useful Websites

United Nations

<http://www.un.org/en/index.shtml>

UN website – remember to check various headings

CIA Factbook

<https://www.cia.gov/library/publications/the-world-factbook/>

Broad range of information about individual countries especially trans-national issues

Clustering Web Search Engine (now called Yippy)

<http://yippy.com/>

Clusters information about topics – enter search topics from first page. (Used to be known as Vivisimo, then Clusty)

Global Issues

<http://www.globalissues.org/>

A range of articles about significant global issues, based on the writer's own opinions

New Internationalist magazine – online edition

<http://www.newint.org/>

This magazine is written from the perspective of the developing world rather than the western world, as is usually the case.

Note:

Use Wikipedia with caution; remember that there are significant errors in the material, which is almost inevitable with the nature of a wiki. You should confirm the accuracy or otherwise with a more authoritative source.
